

## Glasreiniger / Glass cleaning agent: FLUX

Der hervorragende Glasreiniger mit schnellwirkenden, schmutzlösenden Substanzen trocknet sofort und hinterlässt keine Rückstände. Er hat sich insbesondere bei AR-beschichteten Gläsern bei verschiedenen Automotive OEM's und Tier 1's als bester Glasreiniger bewährt. Ob Fingerabdrücke, Schlieren oder ölige Rückstände, der Flux Glasreiniger schenkt der Oberfläche wieder eine streifenlose, glänzende Sauberkeit. Die bedruckten Flächen werden dabei natürlich nicht angegriffen.

This excellent glass cleaning agent with quick effective, dirt-solving substances is drying fast without any residues. Especially for AR coated glasses, many Tier 1's and OEM's rated Flux as the best glass cleaning agent. Whether fingerprints, marks or oily residues, the Flux cleaning agent creates a wonderful, glossy surface again. Of course, there is no negative effect onto a potential printing.
